Crossing Guards are assigned by the Nassau County First Precinct. The current deployment sites are based upon previous traffic flow. The First Precinct is aware of the District's 2012-13 redeployment plans and intends to conduct a student traffic flow study at the start of the new school year to determine if there is a need for additional and/or redeployment of Crossing Guards.

The District recommends that if you have any concerns/suggestions in regards to Crossing Guard Deployment Sites during the 2012-13 school year that you contact:

Public Service Aide (PSA) Pattie McNamara at (516) 573-6115.
