 - Presenters: Curriculum Specialist and Resource Room teachers
- Wednesday, January 30, 2013: RRT Results Grades 3-5
 - Presenters: Ms. Wilkes and Ms. Newman

Math Fluency

Daily: 8:10-8:40 a.m.

Please check your email for recommended Sprints. It is important that **all** teachers work on building fluency during the scheduled time period. Please check the Curriculum Map for additional fluency ideas or go to www.mathwire.com.

FASTT Math

Students should be using FASTT Math at least 3 times per week. This is an excellent tool to build fluency and can be used with the entire class (laptops) or as a center activity. FASTT Math can be done during the designated fluency time or when the students are working independently.

Common Core Modules- What should you be working on now?

Kindergarten- Module 3- Comparing number

Grade 1- Module 4- Place Value- Addition and subtraction of numbers to 40
