The following is part of the AP Research course for Roosevelt High School:

The research paper that the participant will be involved in deals with individuals that have autism and how they interact with others. It also deals with how others perceive them and treat them. The participants will be given a survey and will answer questions about how they interact with others. The participants will have the option to remain anonymous and can ask to drop out of the study at any given time. No personal information will be revealed, only their answers to the survey questions will be considered.
